

Minot Rifle & Pistol Club Newsletter

November-December 2001

WORK DAY

There will be a workday at the indoor range on Saturday, December 15th to clean up the air rifle range and the main range which needs lots of cleaning!! We will start at noon right after the juniors are finished.

There were 13 shooters at the November IPSC match.

We are still working on applying for Federal Grant money to start our indoor range project. Members of the committee have met with the county board and received a permit so that if and when we receive the funds we can get started. Thanks to Dan Roberts for manning the club table at the gunshow on Thanksgiving weekend, he signed up eight new members.

We have received the air rifles we ordered for the junior program and additional funds were allocated for an air valve and slings for the rifles.

A new computer program was authorized for the treasurer for storing club records.

The indoor range is now open for business. M-W-F 7pm Tues-Thurs 7:30PM (Light Rifle Only) Range Officers are: Mon (Bob Rexine 8562-6678) Wed (Todd Enders 838-5648 or Terry Fecho 838-7854) Fri (Hal Evans 852-4355) Tues & Thurs - Light rifle (after Jan 1st) (Jim Budeau 624-5252) These are the folks in charge of their respective nights, if you have questions call them first.

Junior shooting is in full swing on Saturday mornings from 9AM-12PM. Anyone interested in getting their children started should call Kay Schilla 838-9284 for more info.

We are working on getting a pop machine back at the indoor range.

Visit our website at: www.mall911.com/mrpc/

Next meeting will be on Jan 3rd, 7pm at the indoor range.
